

Woven Cotton Tape

ABOUT THIS PRODUCT

This traditional cotton tape is used for its excellent absorption characteristics with varnish and resins.

FEATURES AND BENEFITS

- Highly absorbent
- Good varnish support
- Good tensile strength

APPLICATIONS

- Coil insulation
- Outer wrap
- Coil cell manufacture

MATERIAL DATA

Product Code	401
Material	Cotton
Standard Colour	White
Thickness – mm	0.30 ± 0.03
Operating Temperature – °C	105
Tensile Strength – N/mm	12

TECHNICAL TABLE

Properties	Unit	Nominal	Tolerance
Thickness	mm	0.30	± 0.03
Weight	g/m ²	123	± 3
Tensile strength	N/mm	12	
Cotton yarn part	%	100	
Weave structure		plain weave	
Warp Density	Threads/cm	30	± 1
Material	Tex	14.5x 2	
Tracer Middle tracer	Threads	14.5 x 2	
Material	Tex	14.5 x 2	
Color		Red	
Weft Density	Threads/cm	9	± 1
Material	Tex	14.5	
Binder end	Tex	7.4 x 2	
Number of center thread		1	
Operating temperature (Class A.)		105°C
